

Mission Ready – 12th graders and College age

12th graders and college age students are welcome to join us for Family Faith Formation as well. We understand that students of this age may be away at college or they may have jobs that prevent them from attending every session, but we want to encourage this group to attend when they can. This program will have aspects of service (helping in the younger students' classrooms or engaging in other service projects) and also have a time to come together in reflection and sharing experiences.
