

Sprouts

5K and 1st graders continue on their faith journey as the seeds of faith that have been planted, begin to sprout. Students will learn about the monthly topic through crafts, reading, and age appropriate activities. At St. Thomas the 5K students have a separate program with the preschoolers. Please see the St. Thomas website for more information.

Bread of Life

This is our 1st Reconciliation and 1st Communion preparation program. This is mostly for 2nd graders, but can be for older children if they have not received in 2nd grade. The focus during this year will be preparing the students to receive their sacraments, but the monthly topic will be woven into their lesson as well.

Dive

3rd and 4th graders will dive deeper into their faith now that they have received grace through two additional sacraments. They will be challenged to learn about their faith in new ways through their exploration of the monthly topic.

Wonder

5th and 6th graders will take a closer look at all the wonders that God has created including the miraculous! They will see how reason and faith are not at odds, but actually work hand in hand.
