

Introducing St. Clare's Director of Administrative Services

St. Clare is excited to welcome Julie Boulware, our new Director of Administrative Services, replacing Woody Ritchey. Julie will work in a part-time capacity for the Parish; look for her to start December 1.

As Director of Administrative Services, Julie will serve in running the day to day business operations of the Parish. She will communicate and collaborate with staff, volunteers, and parishioners to help all fulfill the mission of the parish.

Earlier in her career, Julie served as the DAS for Gesu Parish in Milwaukee and was the Associate Director of Parish Stewardship and School Development for the Archdiocese. Most recently she was employed as the Patient Experience Officer for ProHealth Care.

Julie is enthusiastically looking forward to working with the ministries, committees, and parishioners at St. Clare. Julie and her husband are members of St. Louis Parish in Caledonia.

St. Clare is extremely grateful to Woody for the time and hard work he has so generously volunteered as he took care of the business side of St. Clare for the past 2 ½ years.
